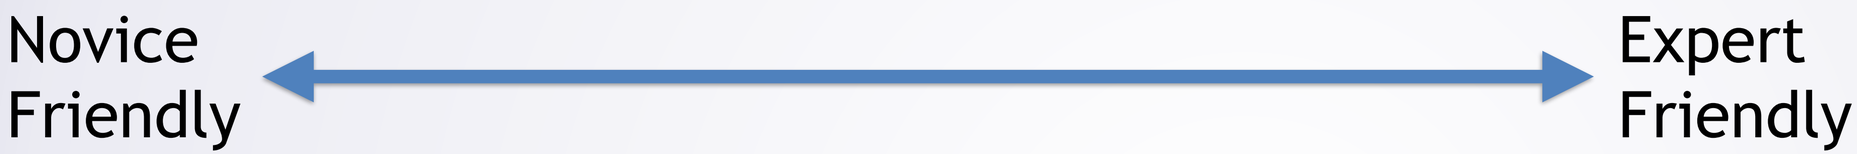
Using Java Beyond BlueJ

Editors

Duke
UNIVERSITY

Editors: Beyond BlueJ



- BlueJ: nice for novices learning
  - Beyond that?
- May choices, tradeoffs
  - Simplicity? Power? Integration with other tools?
  - GUI versus keystrokes (muscle memory)

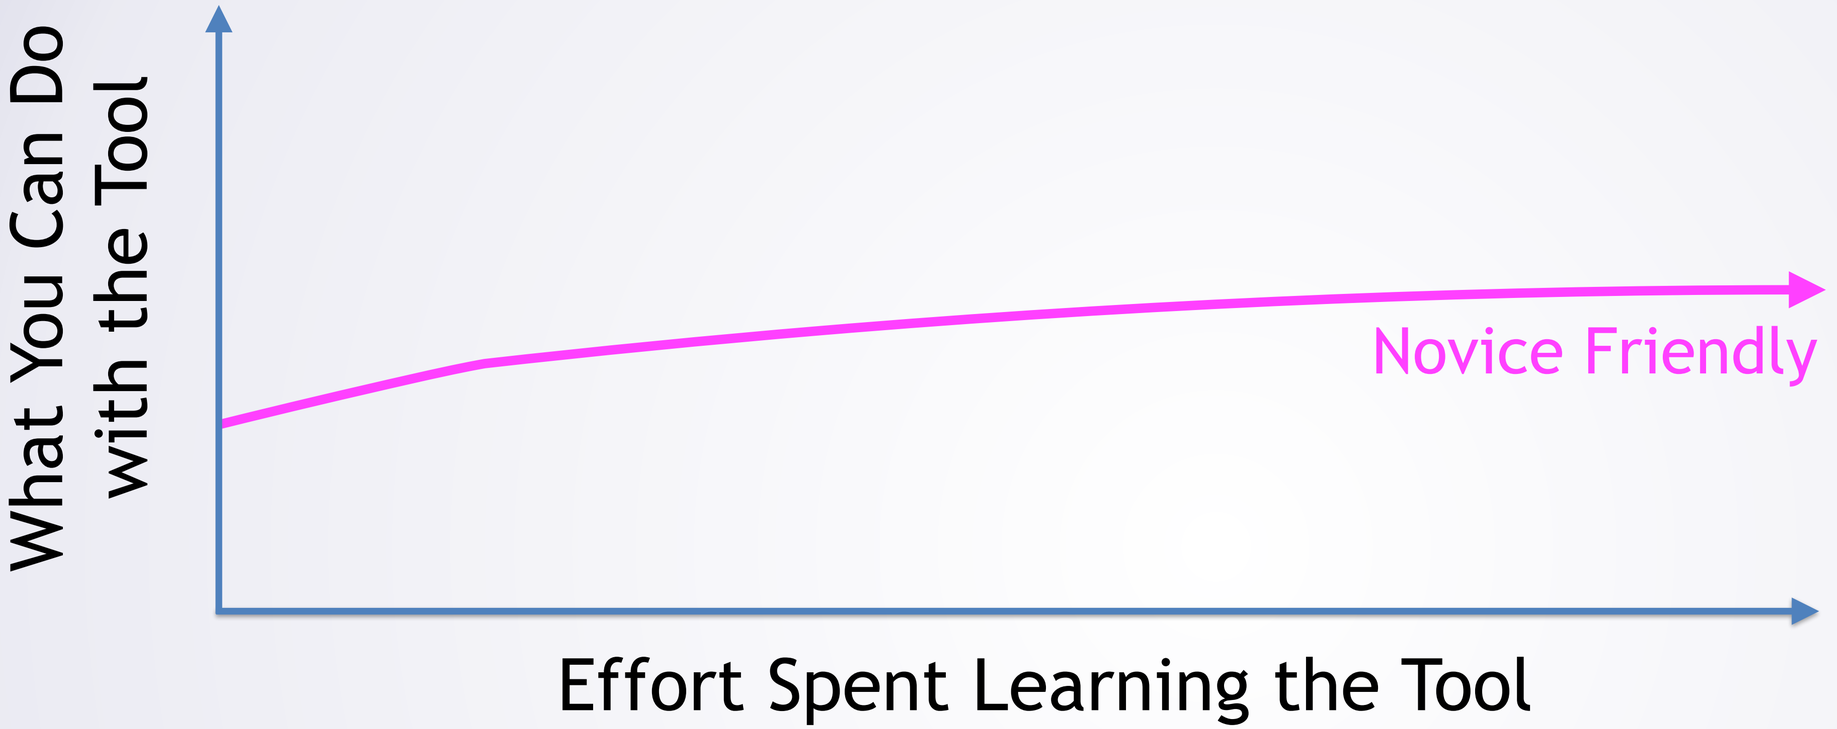
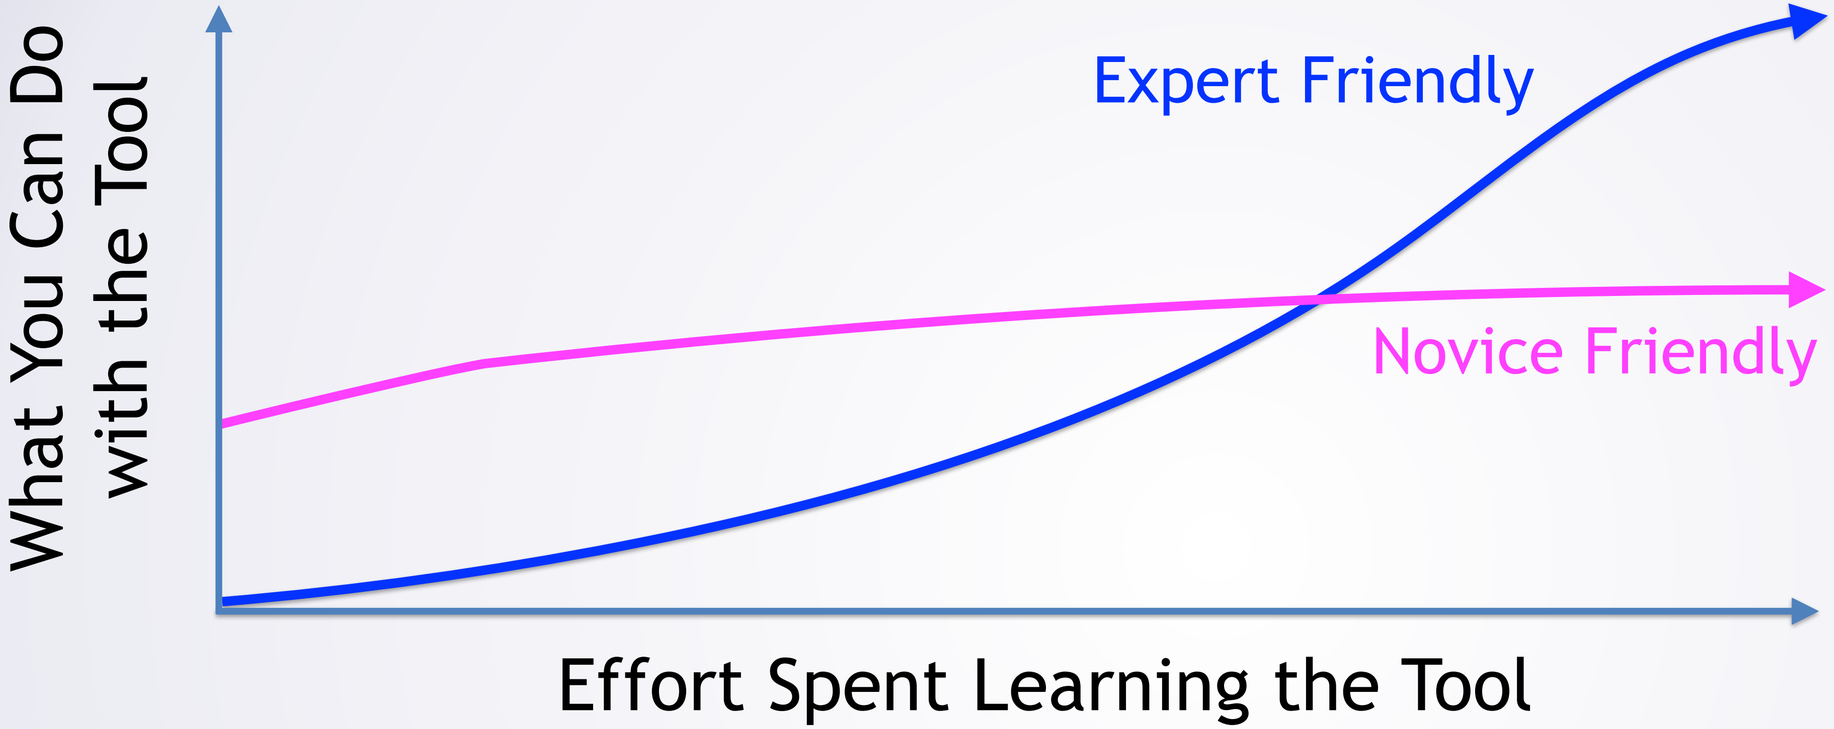
Why Use Expert Tools?



- Expert tools: harder to learn
  - So why use?
  - Investment if you will use a lot

Why Use Expert Tools?



- Expert tools: harder to learn
  - So why use?
  - Investment if you will use a lot

Analogy: Video

- Analogy: recording video
  - Most people? Novice friendly tool is great
  - Professionals? Expert friendly tool is required
